Description and features

MINISPOT and MAXISPOT HALOPAR® 50 W are compact elegant halogen luminaires that come ready to install with switch, 2 m of cable and plug for brilliant accent lighting and spotlighting in confined spaces.

MINISPOT

- Particularly compact halogen luminaire
- Stainless steel luminaire head; held in place by magnets and adjustable to any angle
- With additional wall and ceiling mounting brackets
- Two versions: MINISPOT Cube with a cube-shaped base and MINISPOT Rhombus with an elongated base

MAXISPOT HALOPAR® 50 W

- Compact high-intensity halogen floor-standing luminaire with innovative high-voltage halogen lamp
- For simple economical operation on mains voltage
- Luminaire heads rotate through 270° and swivel through 90°
- No transformer so it can be controlled with any standard dimmer (including the cheapest incandescent lamp dimmers)
